THE JOINERY STORE

DOORS

UNLOCK AND OPEN A WORLD OF POTENTIAL

Doors

At the Joinery store, our skilled team can scheme and create the right door for any application.

Whether you're after concertina doors, barn doors, saloon doors or anything in between, we have you covered!

Accoya

We craft our doors from genuine Accoya timber.

Accoya timber is guaranteed for 50 years above ground.

It offers great thermal insulation properties and termite resistance making it the perfect material for long lasting and durable doors.

We also use other timbers as required.

W thejoinerystore.com.au

- Naturally insulating
- Indigestible to many insects including termites
- Farmed from sustainable sources
- Non-toxic and recyclable

Teknos

We finish our doors using Teknos paint systems.

Teknos enhances the lifespan of the timber and results in a beautiful finish which is resistant to weather and UV damage.

Teknos coated Accoya® and Tricoya® carry a 12 year warranty on fully factory finished opaques, and a 10 year warranty on fully factory finished translucents.
